To Dealers.

Columbus, Ohio, Feb., 1899,

The quotations in this list are intended for DEALERS ONLY. We expect to bill at prices given as far as possible but should any of our stocks run short we reserve the right to decline orders or advance price without notice. WE DO NOT PUT OUT VEGETABLE SEEDS ON COMMISSION.

At the prices quoted, customers must pay cost of forwarding. When desired we will send by mail, but when this is done postage will be added to the invoice at the rate of eight cents per pound or 15 cents per quart. Quarter-pounds will be supplied at pound rates; quarter-bushels at bushel rates.

We make no charge for cartage, boxes, barrels or packing. Bags only are charged for, and at cost, which is from 13 to 15 cents each.

Terms: All general bills of Garden Seeds are payable June 1, 1899, without reference to date of purchase; or a discount of one per cent. a month will be allowed on all payments made before June 1. Bills to parties buying special items only are due in 60 days. Onion Sets, Potatoes, etc. are net cash. Unknown correspondents desiring credit must give satisfactory reference.

SMALL ORDERS FOR SEEDS IN PACKETS, ETC., which cannot be billed at the low bulk prices given in this Trade List will be invoiced at following discounts from prices in our Retail Catalogue:

ALL SEEDS IN PACKETS, excepting those herein quoted, at 50 per cent. discount. 500 packets or more at 60 per cent. dsicount.

SEEDS by the ounce, pint, or quart, 33⅓ per cent. dsicount.

POTATOES by the pound, or Potato Eyes, 40 per cent. dis.

PLANTS in collections, 10 per cent. discount.

Books on Garden Topics, 20 per cent. discount.

At these liberal rates of discount the goods must travel at the purchaser's expense, and if by mail, postage will be added to the invoice.

☞If you have not already received a copy of our Retail Catalogue for 1899, please drop us a card and it will be sent quickly.

Special Notice!! We do not supply 'cheap seeds,' and therefore do not try to compete in price with those who handle them. We furnish the Trade exactly the same quality of seeds that we send to our best Market Gardeners. They are grown either by ourselves or subject to our inspection; hence, we feel no hesitancy in saying that they are the purest and best to be found. At the same time, however, it must be distinctly understood, since the success of a crop is dependent upon so many contingencies, as condition of soil, mode of planting, climate, etc., that we cannot warrant our Seeds or hold ourselves responsible for any loss or damage arising from any failure thereof.

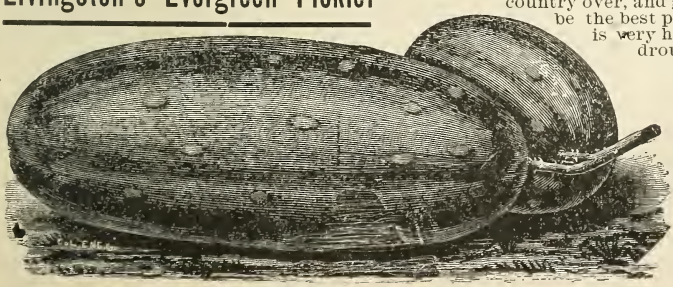
Livingston's Evergreen Pickle.



Introduced by us in 1890, now well-known the country over, and generally admitted to be the best pickle sort offered. It is very hardy and withstands drouth, and bears very profusely until frost. One grower says that it bears four to one compared with the standard sorts It is a very strong grower, extra early, and bears firm, crisp fruits, which are excellent for slicing.

Livingston's White Cob Evergreen.

LIVINGSTON'S WHITE COB EVERGREEN SWEET CORN.

WHEN we state that we worked industriously fifteen seasons to produce this corn, it will be quickly seen why we take such great pleasure in introducing it. In describing it we make a long story short, by stating that it is simply our old Livingston's Evergreen with a white cob instead of a red one. This removes the only objection urged against our old standby, which has stood its ground for 30 years, notwithstanding its red cob. We presume we would be safe in saying that thousands of gardeners have expressed the opinion that if our Evergreen had a white cob it could never be surpassed as a market corn for table use. The new **White Cob** strain lacks not one of the good qualities of the older sort from which it sprung, and we believe it will be endorsed by every Corn Grower, whether for home use or sale in market, being large enough for consumers and not too large for the Gardener.

LIVINGSTON'S
—CELEBRATED—
Tomato Seeds
For Merchants.

IN SEALED PACKAGES ONLY.

For the protection of the honest merchant and the grower who desires only true stock of our Tomatoes, we have for several years followed the plan of supplying **Our Celebrated Varieties of Tomato Seeds** in **Sealed** packages **Only;** and hence every package of the **Livingston** varieties of Tomatoes grown at headquarters will be sent out under our **TRUE BLUE SEAL.**

In 1870, we originated and introduced our **Paragon,** which was the first perfectly smooth, **red** variety known. Five years later we introduced the **Acme,** the first perfectly smooth, **purple** sort known. Since the advent of these sorts we have brought out consecutively the **Perfection, Golden Queen, Favorite, Beauty, Potato Leaf, Stone, Royal Red, Aristocrat, Buckeye State, Honor Bright and Yellow Prince.** As originators and introducers of these sorts we use the most **assiduous care** in growing the Seeds, and, although these same varieties are extensively advertised by other dealers, yet we do not hesitate to claim **superiority for our headquarter's strains.**

We annually supply hundreds of merchants in all parts of the United States with our Tomato Seeds put up in packages for retailing. It is a highly satisfactory and successful method, because it affords a dealer's patrons positive evidence that he is selling the genuine article.

To those who have never handled our Seeds, we therefore respectfully suggest the propriety of trying our plan.

Special Notice.

WE SELL NO TOMATO SEEDS WHATEVER IN BULK.

We put up the seed in OUNCES, QUARTER-POUNDS, and POUNDS, and each package bears our TRUE BLUE SEAL.

Packets for retailing at 5 and 10 cents are supplied to dealers at half-price.

We Grow All The TOMATO SEED We Sell.

TUBE ROSE BULBS.

THERE is all the difference in the world in the quality of Tuberose Bulbs. We handle stock grown by one man only, and he is an expert. We have seen many strains of "roses" but never discovered another equal to those we have handled for ten years. The country is full of cheap "pick-up" stock grown any way and every way—frequently as carelessly as potatoes.
